

Download Christian African Folktales

Christian African folktales are the best folktales for children. The folktale is a story, passed down verbally from generation to the other. Each storyteller told the stories a interestingly, making it more fascinating as the ages passed. Different folktales bear the enthusiasm of the culture, customs of the people from which they inhibited.Christian African Folktales. Folktales are very short stories which are being passed from person to person by word of mouth. These tales never being written it only existed only in the memory of human beings.African folktales are known for fetish, occult, wizardry, trickery and outsmarting the other person. This book is written to change that and teach positive character ideals that parents would want their children to emulate. The author uses the rich African cultural mode of communication, the wayChristian African Folktales (English Edition), Christian African Folktales.
