

Download Conversations On The Enneagram

The Enneagram has, over the past decades, proved to be one of the most powerful tools in the development and coaching environment. The use of the Enneagram not only fast-tracks insight, growth and integration, but also gives durability and magnitude to the development process over time. Enneagram Type 4 – Intense Creative. Enneagram Fours have the motivational need to express their uniqueness and be authentic. Fours value individualism and as a result, feelings, self-expression and purpose will be important to them. The Enneagram: Using Personality Insights to Enhance Effectiveness Self Awareness. The Enneagram provides a profound shift in awareness. Unlike other models that put you in a box, the Enneagram helps you understand the fears and desires that cause actions – and how to get out of unproductive patterns. About the Classical Enneagram Test. This only applies to the (free) classical enneagram test on this site. Fine tuning for accuracy. To make this test more accurate, statistics were used., Conversations On The Enneagram.
