Important Allen & Heath + macOS Mojave. In anticipation of the launch of Apple's latest update to macOS, Mojave, please note the following: The correct operation of the full, public release of this platform is not yet verified by our development and test departments. Allen & Heath ZED-10, 4 Mic/Line Eingänge, 2 Dual Stereo Eingänge, DuoPre™ Vorverstärker mit 69 dB Gain Range, 2 Aux Sends, USB Send und Return, Hochpass Filter, Stereo Return, 2-Track Return, 6,3 mm... Allen & Heath ZED-22FX, 16 Mic/Line Eingänge, 3 dual stereo Eingänge, DuoPre™ Vorverstärker mit 69 dB Gain Range, 3 Aux Sends, 1 FX send, USB Send und Return, Insert pro Kanal, Hochpass Filter, Mute pro Kanal,... ZED-12FX is ideal for groups who need to travel light. Even with its small footprint, the 12FX squeezes in 4 auxiliary channels and swept semi-parametric EQ on top of the already impressive feature set including configurable USB audio in/out makes it easy to capture stereo recordings., Allen And Heath Zed.
