

Download Ict And Collection Management In Public Libraries A Survey Of South-south Of Nigeria (report)

knowledge resources. The adoption of ICT to public libraries can no longer be ignored. However, some Libraries in less developed countries whose role involve the location, selection, acquisition, organization and dissemination of information are still using 19th century resources and methods of organization. As observed by Friend (2000:55), basic collection management activities include analysis of user needs, inter-and intra-library communication, policy development, budgeting and allocation of resources, contract negotiations, macro-evaluations of collection, micro-evaluation for selection, relegation, preservation or withdrawal of stock, and system evaluation. "ICT and Collection Management in Public Libraries: A Survey of South-South Zone of Nigeria," Daniel Emojorho, PhD. Library Philosophy and Practice 2010 (August) Information and communication technologies are widely applied in libraries around the world for effective management, but the extent of such application in the South-South Nigeria is still largely unknown., Ict And Collection Management In Public Libraries A Survey Of South-south Of Nigeria (report).
