

Download Intelligent Data Engineering And Automated Learning – Ideal 2015

This book constitutes the refereed proceedings of the 16th International Conference on Intelligent Data Engineering and Automated Learning, IDEAL 2015, held in Wroclaw, Poland, in October 2015. The 64 revised full papers presented were carefully reviewed and selected from 127 submissions. All submissions will undergo rigorous peer review process. Accepted papers (main conference and special sessions) will be included in the Proceedings of IDEAL 2015, to be published by Springer in its prestigious LNCS series. In addition, selected papers will be invited for special issues in leading international journals in the field, including the International Journals of Neural Systems (IJNS). The International Conference on Intelligent Data Engineering and Automated Learning (IDEAL) is an annual international conference dedicated to emerging and challenging topics in intelligent data analysis, data mining and their associated learning systems and paradigms.
