Scarlett's back in the final instalment of the Scarlett Wakefield series. I must say that I have had a fun time reading about her adventures and Kiss of Death was just as good as the other three books in the series. Kiss of Death is the awesome conclusion of the four book series regarding Scarlett Wakefield. The whole thing started with a kiss. Her first kiss. And the guy, Dan, died immediately right there in front of her. Since then Scarlett has been determined to discover the true reason Dan died. And in book three she gets the culprit through a series of fantastic events which shoot the door wide open on her own mysterious past. Why did her parents die & leave her orphaned? This book has all the answers.
