It is a responsibility we are failing to meet. According to statistics from the U.S. Department of Education, the gap in eighth-grade reading and math test scores between low-income students and their wealthier peers hasn't shrunk at all over the past 20 years. Why do smart people enjoy saying that they are bad at math? Meet our blogger of the month. Each month, we feature a different guest blogger with valuable insights and information to share about young children and math., Math Coach Parents Helping Children.
