

Download Technocratic Ministers And Political Leadership In European Democracies

Technocracy is a proposed system of governance in which decision-makers are selected on the basis of their expertise in a given area of responsibility, particularly with regard to scientific or technical knowledge. Socialism is a range of economic and social systems characterised by social ownership of the means of production and workers' self-management, as well as the political theories and movements associated with them. Social ownership can be public, collective or cooperative ownership, or citizen ownership of equity. There are many varieties of ...European citizens need to learn from the Brexit impasse and apply those lessons ahead of and after the European Parliament election in May. That means embracing reforms that advance the three goals that lie at the heart of the European project. The best opinions, comments and analysis from The Telegraph., Technocratic Ministers And Political Leadership In European Democracies.
